

## TOP 10 ORGANIZING TIPS for Spring!

### 1. Invite fresh, clean energy into your space.

On a warm, sunny day, open up your windows and doors, turn on some music and let the freshness of spring flow through your space. This helps move the stagnant winter energy out and will rejuvenate your body & space.

### 2. You get to CHOOSE what stays and what goes!

This is your space, this is your life, this is your choice, and your responsibility. Don't leave clutter clearing your home for your children, your friends or strangers to deal with. Go to [www.clearsimple.com](http://www.clearsimple.com) for our FREE eBook – *The ART of Letting Go* for help. ART stands for Acceptance, Release & Trust.

### 3. Keep it SIMPLE by choosing one project for the season.

It can be overwhelming to think about all the clutter clearing and organizing projects in your home, which then blocks you from ever starting. So begin with choosing just ONE project for each season and let that be enough. Over time your space will be transformed. Also, each season has it's own feel.

### 4. Learn the SKILL

Here's the hard truth—only 10% of the human population is born with the “organizing gene”. This leaves 90% who don't know where to start, what to do, or how to keep it up. We teach 3 simple steps – SEE IT, MAP IT, DO IT© - Look at where you've been, make a plan for where you want to go, then the take action. The action system is STACKS© Sort, Toss, Assign, Contain, Keep it up & Simplify. Get a systems card on [www.clearsimple.com](http://www.clearsimple.com)

### 5. Choose a donation agency that aligns with your beliefs

Giving to charities that support work you care about makes the TOSS step easier & more meaningful.

### 6. Have fun shopping for bright, beautiful containers.

Like the bright blossoming flowers, bright containers make us happy. We LOVE The Container Store!!

### 7. Clothes Closet Transformation

Spring is the best season for clearing out the clothes closet. Here are our most powerful two tips for a closet transformation. Try EVERYTHING on your body and ask, “Is this me?” Be prepared to laugh and cry. Do this with a friend. Then choose hanger heaven rather than hanger hell by simply getting the same color and material.

### 8. Dig in the dirt – or simply plant one pot.

Let your inner child go outside and play. Get your hands dirty and connect with the earth.. If gardening isn't really your thing or you don't have the time, just pick out one cool pot and plant with flowers. Place it on your porch, where you can enjoy the beauty. Remember that SEE IT. MAP IT. DO IT. © also work for projects like a garden.

### 9. Capture the incoming paper in one place and container.

Free your kitchen counter of the paper piles by getting one large container that you love to hold the incoming. For more help with the paper pain, go to [www.clearsimple.com/iraft](http://www.clearsimple.com/iraft).

### 10. Let go of one habit that is keeping you stuck

Spring is a time of renewal, of light, of growth. Releasing even one old habit and replacing it with something new can bring energy and new growth.
