ORGANIZE YOUR CLOSET

SEE IT

SEE IT - Take a look at where you've and where you are now. Does your closet make it easy to get dressed or stressful? Take a little time to explore:

- What's working? What clothes do you love?
- Is it easy to find what you want and need?
- What do you like about the look and function?
- What isn't working? What drives you crazy?
- Are there things you never wear? How many sizes do you have?
- Is the floor covered? If so, what kinds of things are there?
- Is there stuff in your closet that doesn't belong there?

MAP IT

MAP IT - Make a plan for what you want each morning when it's time to get dressed. Be honest and let yourself dream. You deserve a closet you love.

- How do you want your closet to look, feel and function?
- Create an online board of images that inspire you.
- Would it help to get a color/style consultation?
- On a scale of 1-100, what % of clothes do you want to release?
- Do you need a closet remodel to make it work?
- Transformation Tip: Choose one color for all hangers. What is your color?

DO IT

DO IT - Take the steps to make it happen. Look at your calendar and set up time for the transformation! We suggest claiming a full weekend.

- Get help from a trusted, safe friend or a professional organizer.
- For the DO IT step make sure you handle each type of item separately. For example, do the clothing, then the accessories, followed by the jewelry.
- Now haul everything out of the closet and go through the **S.T.A.C.K.S.® System** for each category (Sort, Toss, Assign, Contain, Keep it up, Simplify). By taking one step at a time the project will be easier and you will save money. Go to www.clearsimple.com/systems.
- If you are really brave, try on everything you have been holding onto.
- Celebrate your transformation by dressing up and going out on the town.
- Lastly, make sure to notice how much easier each morning has become.
