

TOP 10 TIPS for SUMMER!

1. **Most Important Activities.**

Choose the most important FUN Activity and enjoy it to the fullest. Put the FUN FIRST!

2. **Before you leave on vacation**

Make two copies of each document in your wallet. Keep one in a safe place at home and take one with you to put in the hotel safe. Then you are prepared if anything should happen.

3. **Connect with the Earth.**

Choose one morning or evening each week to be your time to connect with the earth – a long walk, sitting outside under a tree, a bike ride, or soaking up the sun. Let this be a time that FILLS YOU UP!

4. **Garden**

If you want to garden but just never have the time, plant a container with a favorite flower or vegetable. You will still enjoy gardening but on a more manageable scale.

5. **Family Passes**

Buy a family pass to your favorite summer place, then as a family review the schedule of events and mark your calendar with those you don't want to miss!

6. **Three Most Important Things**

Every morning, when you are planning your day, write down the three things that must be done that day. The sense of accomplishment that you will feel when you complete these three things will free you to do other things.

7. **Organize last year's school papers**

Make a date with your child to spend an afternoon to go through all of the papers you saved from the last school year. Together pick out the important along with the favorites, three-hole punch them and put them in a binder so your child can look at it whenever he/she wants too.

8. **Birthdays, Graduations, Weddings**

Take one hour and make a master list of all the birthdays, graduations, and weddings, which are coming up this summer. Keep a copy with you so you can jot down gift ideas and have it handy when you are shopping.

9. **Weekend Project**

Take one weekend, pick one project, (i.e. a closet, pantry or storage) and using the Clear & Simple systems (see clearsimple.com) organize the space. Then mentally let go of the rest and enjoy your summer.

10. **Take a deep breath.**
